MEDICAL DEVICE RELATED ADVERSE EVENT MONITORING COMMITTEE

Preamble: Ministry of Health and Family Welfare (MoHFW), launched the Materiovigilance Programme of India (MvPI) in 2015 at Indian Pharmacopoeia Commission, to monitor adverse events and risks associated with medical devices used across the country. Medical device related adverse event committee (Materiovigilance committee) in every medical College to monitor various incidents involving medical devices causing harm to the patients have created the need of a system to monitor these events and take necessary actions to prevent these from happening again. Therefore, all below referred members have been nominated in the Medical device related adverse event committee of SPGMC, Mandsaur.

Goal: The goal of committee will be to increase awareness about identifying and reporting Medical device related adverse event among all health care providers.

Objectives:

1. To monitor various incidents involving medical devices
2. To educate Medical and nursing students about importance of Materiovigilance.
3. To Ensure early detection and response to device malfunctions, directly improving clinical outcomes
4. To Communicate findings with all key stakeholders

Tenure of Committee: July 2025 to June 2026 (One Year)

Meeting: Once in 3 months
